Representing	Hunt Crude Oil Supply Company	Representing	

GENERAL INFORMATION:

Dixie personnel met with Hunt Crew for smart pig repair to their 8" crude line. The repair was located approximately 15 feet from where their 8" line crossed under Dixie's 12" line. Dixie's line was located and marked and Hunt crew dug up their line for repair. They cut a 3 foot piece out and welded a new piece in. After x-raying welds & coating new pipe, the ditch was backfilled and Dixie's ROW was dressed up.
